

CONTENTS

Variability of Airborne Fine Dust Concentrations and Content of PAHs in PM2.5 – Measurements in Częstochowa, Poland – Halina Pyta, Andrzej Krasa, Wioletta Rogula	3
Preliminary Limnological Characteristics of Man-made Lakes on the Reclaimed Waste Heap on Sulphur Mine „Machów” (SE Poland) – Wojciech Pęczuła, Radosław Mencfel, Kamila Baryła	15
The Effectiveness of the Storm Water Treatment Plant at Warsaw Frederick Chopin Airport – Mirosław Krzemieniewski, Andrzej Białowiec, Marcin Zieliński	25
Filamentous Microorganisms Occurring in Foam of Biological Wastewater Treatment Plants and Possibilities Their Identification – Liliana Kalisz, Marcin Kaźmierczuk	35
Sewage Sludge Particle Size Fractions Affect Keratinolytic and Karatinophilic Fungi – Krzysztof Ulfig, Grażyna Plaza, Maciej Terakowski	43
The Effects of Papilionaceous Plants and Biopreparation on Petroleum Hydrocarbons Degradation in Aged-polluted Soil – Ewa Zabłocka-Godlewska, Wioletta Przystaś	53
Size Evaluation of the Selected Groups of Microorganisms in the Soil Fortified with Communal Sewage Sludge – Agnieszka Wolna-Maruwka, Aleksandra Sawicka	67
The Influence of Fertilization with Brown Coals, Waste Activated Sludges and Their Mixtures on the Content of Chromium and Nickel in Soil Materials and Italian Ryegrass – Stanisław Kalembasa, Barbara Symanowicz	79
Contents of vol. 32 (2006)	87
Authors Index of vol. 32 (2006)	89
