

ACADEMIA

No. 1 (17) 2008 The Magazine of the Polish Academy of Sciences

Focus on

Christianity and Islam

J. Zdanowski

The conditions for dialog between Islam and the West have worsened as cultural stereotypes have grown reinforced

Focus on

Hope for the Future

A. Józkowicz, J. Dulak, S. Szala

Gene therapy remains fraught with difficulty and controversy... Why has this simple concept proven so hard in practice?

Briefly Speaking

Longing for Mars

N. Andrzejewska-Zalewska, A. Ziemia

Although no date has yet been set for the first manned mission to Mars, preparations for this grand project are already underway
