

ACADEMIA

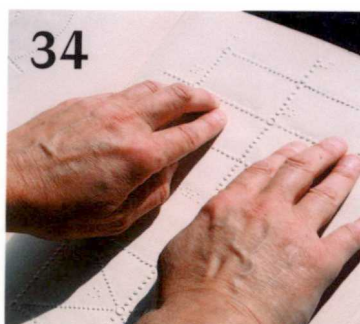

No. 4 (4) 2004 The Magazine of the Polish Academy of Sciences

Focus on Entomology

The Urban Moths

Grażyna Winiarska
Moths appear to be successful colonizers of the city. They manage to survive under demanding urban conditions

Research in Progress

Seeing Mathematical Formulas

Włodzimierz Wysocki
Polish researchers are aiding the blind to break down communication barriers in mathematics

Briefly Speaking

Taking Responsibility

Jadwiga Staniszkis
An outstanding Polish sociologist speaks on the role of intellectuals in Central Europe and on the condition of science in Poland

Editorial 3

Focus on

Sociology 4

Actors on the Urban Stage, Marek S. Szczepański

Entomology 8

The Urban Moths, Grażyna Winiarska

Anthropology 12

CITizens and Countrysiders, Alicja Szklarska, Halina Kołodziej, Sławomir Kozieł

History 16

Civilized Slavs, Henryk Samsonowicz

Research in Progress

Isotope Geochemistry 21

That Heavy Metal, Robert Bachliński

Biodiversity 24

Bank for Plants, Jerzy T. Puchalski

Literature 26

The Year of Gombrowicz, Jerzy Jarzębski

Chemistry 28

Chemically-Generated Letters, Andrzej L. Kawczyński

Art 30

The Woman in the City Space, Marta Leśniakowska

Physiology 32

Drunk as a Rat, Wojciech Kostowski

Computer Science 34

Seeing Mathematical Formulas, Włodzimierz Wysocki

History 36

Guide to a Lost City, Barbara Engelking-Boni, Jacek Leociak

Biophysics 38

Alternative States of Protein Matter, Wojciech Dzwolak, Sylwester Porowski

Urban Planning 40

Metropolis Warsaw, Bogdan Jałowiecki

Briefly speaking

Taking Responsibility 42

Highlights 45

Insight

Continuing Hirschfeld's Legacy 46

Michał Zimecki

Basic Science of Physics 48

Hanna Przybylińska

Short circuit

Can Ethics be a Science? 50
